### Liability Waiver

I understand that the massage/bodywork I receive is provided for the basic purpose of relaxation and relief of muscular tension. If I experience any pain or discomfort during this session, I will immediately inform the practitioner so that the pressure and/or strokes may be adjusted to my level of comfort. I further understand that massage or bodywork should not be construed as a substitute for medical examination, diagnosis, or treatment and that I should see a physician, chiropractor, or other qualified medical specialist for any mental or physical ailment of which I am aware. I understand that massage/bodywork practitioners are not qualified to perform spinal or skeletal adjustments, diagnose, prescribe, or treat any physical or mental illness, and that nothing said in the course of the session given should be construed as such. Because massage/bodywork should not be performed under certain medical conditions, I affirm that I have stated all my known medical conditions and answered all questions honestly. I agree to keep the practitioner updated as to any changes in my medical profile and understand that there shall be no liability on the practitioner's part should I fail to do so. I also understand that any illicit or sexually suggestive remarks or advances made by the client will result in immediate termination of the session, and I will be liable for payment of the scheduled appointment.

## **Consent Addendums:**

Application of therapeutic massage techniques may be made to all areas of the body with the exception of the genital area. It is important to note that there are other areas of the body that, though they can be legitimately accessed for therapeutic reasons, may be sensitive in some manner for the client. The following consent waivers are for those regions of the body that can be, but are not considered part of a standard fullbody massage therapy. The following waivers are only valid in conjunction with a properly signed "Liability Waiver" as found on the previous page.

### **Consent for massage therapy to the gluteal and deep hip rotator muscle (buttock) area**

This area includes the soft tissue from the gluteal cleft, moving lateral to the tensor fascia lata, superior margin is the iliac crest and the inferior margin is to the ischial tuberosity. Draping is performed to expose this area yet leave the genital area covered. The massage therapist has discussed with me issues involving massage therapy for the buttock and hip area to my satisfaction. Due to the sensitive nature of gluteal and deep hip rotator muscle massage, the therapist and the client each retain the right to immediately modify or terminate treatment for any reason. I freely give my permission to receive massage therapy treatment to the buttock and hip area.
